ABSTRACT

This publication is an annotated listing of 143 books about Alaska or the Arctic, received by the Alaska Division of State Libraries in 1986. Most of the material is current or published in recent years, with the exception of government publications. Categories are juvenile, adult non-fiction, adult fiction, and reference. A few Alaska state and Canadian documents are included for special emphasis. Entries contain bibliographical information, a brief description, price, and availability. Eight juvenile works are concerned with Alaska natives or their legends. Adult books include 45 historical and biographical works, 22 books on Alaska native, Eskimo, and Northwest Indian life, culture, and art, and 19 travel and wildlife guides. (SV)

INTRODUCTION

SOME BOOKS ABOUT ALASKA is an annual annotated listing of Alaska/Arctic-related publications received by the Alaska Division of State Libraries. Most of the material is current or published in recent years with the exception of government publications.

A few Alaska state and Canadian documents of general interest are included for special emphasis or to alert users of this guide to titles which might be of interest.

Some Alaska materials are quite elusive, being published in limited quantity with little publicity. I would appreciate receiving information (author, title, publisher, price and source) for current titles not included here.

Publications are available from the publisher of the work or other indicated source.
